Geo Genesis Group ('GGG') is an emerging markets private equity house, asset management and consultancy firm. Through a number of subsidiaries it primarily operates as an investment vehicle and/or strategic adviser to companies based and/or operating in emerging markets, with current efforts being primarily focused in China, which are seeking to raise capital in the EU, Hong Kong and the United States. The Company has a large global network of consultants and advisors as well as alliances and partnerships, which it utilises to raise capital, assist in research and provide advisory services such as designing and implementing corporate restructuring programmes and marketing strategies. Its ultimate aim is to enhance a company's overall business productivity and enable it to move into its next growth phase. GGG is a Marshall Islands registered company and its shares are traded on PLUS Markets (GEOP).
